Moderator: Larry Barber, USDA, FS, Forest Pest Management

3:00-3:30 Break

3:30-5:00 Concurrent Workshops

1. "Forest Biological Research: A Mandate for Change - Support to Implementation"
Moderator: Fred Hain, Dept. of Entomology, North Carolina State University
Panel members: Fred Hain, Dept. of Entomology, North Carolina State University
Robert Bridges, USDA, FS, Research, Washington Office
Robert Thatcher, Retired Assistant Director, USDA, FS, SEFES

2. Insect Photography and Video -
Stephanie Strong, USDA, FS, FPM, R8
Jerry Lenhard, Louisiana State University, Dept. of Entomology.

Wednesday, August 5

8:00-10:00 Concurrent Workshops

Moderator: Roy Hedden, Dept. of Forest Resources, Clemson University

Participants:
C. Wayne Berisford, University of Georgia
R. Scott Cameron, Texas Forest Service
Wayne Dixon, Florida Division of Forestry
Carl W. Fatzinger, USDA, FS, SEFES
John L. Foltz, University of Florida
Robert Tisdale, Mississippi State University
2. "AIPM Funded Non-Target Evaluations of Dimilin, Bt, and Entomophaga Maimaiga". 
Moderator: Richard Reardon, USDA, FS, Forest Health Protection

Topics:

"Potential Impact of Dimilin on Aquatic and Terrestrial Salamanders"
Tom Pauley, Marshall University.

"Dimilin Residue Levels in Water, Tree Surfaces, Soil, and Litter."
Mary Wimmer/Felton Hastings-West Virginia University/North Carolina State University

"Potential Impacts of Dimilin on Blue Claw Crabs"
Steve Rebach, University of Maryland

"Impacts of Bt on Non-Target Lepidoptera As Food for Virginia Big-Eared Bat"
Brad Sample - West Virginia University

"Impacts of Bt on Canopy Arthropods"
John Peacock, USDA, FS

"Impacts of the Fungus Entomophaga Maimaiga on Non-Target Lepidoptera; Preliminary Results"
Linda Butler/Ann Hajek - West Virginia University/Boyce Thompson

10:00-10:30 Break

10:30-12:00 Concurrent Workshops

1. "Future Resource Protection"
Moderator: T. Evan Nebeker, Mississippi State University, Entomology Dept.

Participants:
Roy Hedden, Dept. of Forest Resources, Clemson University
Forrest Oliveria, USDA, FS, FPM
Jim Hyland, Alabama Forestry Commission
2. “Forest Aphids As Important Pests Regarding Tree Mortality and Damage”
Moderator: Daniel R. Kucera, USDA, FS, Forest Health Protection

Topics:

“The Hemlock Woolly Adelgid”
Keith Watson, USDI, Shenandoah National Park

“Survey of Cypress Aphid Damage in Kenya”
Denny Ward, USDA, FS, FPM

“Cypress Aphid Control in Kenya”
Dennis Souto, USDA, FS, Forest Health Protection

1:00-1:30 Banquet Lunch

1:30-3:00 Concurrent Workshops

1. “Forest Health Monitoring Project” - “Is It Worth It”
Moderator: Jim Hyland,
Alabama Forestry Commission

Topics:

“What is Forest Health Monitoring”
Bob Loomis, USDA, FS, Forest Health Monitoring

“FPM’s Role and What Do We Expect to Get From the Data”
Bill Hoffard, USDA, FS, FPM

“FIA’s Role and What Do We Expect to Get From the Data”
Brad Smith, USDA, FS, FIERR

“State Role and What Do We Expect to Get From Data”
Jim Hyland, Alabama Forestry Commission
2. "Management of Bark Beetles by Unconventional Methods - Reality and Opportunity"
Moderator: C.W. Berisford, University of Georgia, Dept. of Entomology.

Topics:

Management of southern pine beetle infestations with behavioral chemicals
Ron Billings, Texas Forest Service

"Estimating the potential for natural control by parasitoids of southern pine beetles: How fast can they reproduce?"
J.M. Jones and F.M. Stephen, University of Arkansas

"Verbenone and MCH for management of mountain pine beetle and Douglas fir beetle"
G.E. Daterman, USDA, FS, Corvallis, Oregon and D.H. Ross, Oregon State University

"Evaluating the impact of different southern pine beetle native enemies"
John Reeve, USDA, FS, SFES, Pineville, LA

"Fate of southern pine beetles in infestations treated with verbenone"
Jane Hayes and Peter Turchin, USDA FS, SFES, Pineville, LA

"Effects of verbenone treatments on the natural enemies of the southern pine beetles"
A. Salom, Don Grosman, and Tom Payne, Virginia Polytechnic Institute and State University

"Attractants for bark beetles parasitoids-potential for exploitation"
C.W. Berisford, M.J. Dalusky, and B.T. Sullivan, University of Georgia, Dept. of Entomology

10:30-11:30 **Final Business Meeting**  
Chairman: Wesley A. Nettleton

11:30 Noon **Adjourn**
Minutes of the Executive Committee, Monday, 3 August 1992
Hilton Hotel and National Convention Center, Williamsburg, Virginia

Present were Wes Nettleton, Skip Jubb, Scott Salom, Bob Thatcher, Pat Barry, Pete Lorio, Gerald Nordin, & John Foltz.

The secretary-treasurer reported that 29 persons had preregistered and our check book balance on July 31 was $4625.05. With the expected attendance and expenses, we appear to be solvent.

Local arrangements cochair Scott Salem reported that everything appeared to be set as far as local arrangements were concerned. Cochair Sheryl Parker has a new employer, the Air Force at Langley AFB, and is unable to participate in the conference.

Program chairman Pat Barry reported on several changes in room assignments from those described in the program.

Wes reviewed the agenda for the opening business meeting and asked board members for additional items. He reported that Bobbe Fitzgibbon has replaced Russ McKinney as chairman of the losses committee; Russ is moving to a new job assignment in Milwaukee.

Bruce Kauffman's term as a counselor expires this year. Wes asked Pete Lorio to be chairman of the nominating committee and encouraged him to seek state workers who would be interested in serving. Wes also asked that all board members seek recommendations and volunteers for the 1993 program and local arrangements committees.

There was a brief discussion of correspondence from the Northeastern work conference requesting that another conference take the lead in organizing the second North American Forest Insect Work Conference. The consensus was to discuss this in the opening business meeting and identify those who are interested in this responsibility.

Skip Jubb took a few minutes to explain his role as administrative advisor and representative of the Southern Association of Experiment Station Directors; he replaces Jerry Musick in this position. Skip distributed and explained a proposal to have our annual meeting classified by the experiment station and extension directors as a "Southern Extension and Research Activity - Information Exchange Group" (SERA - IEG). This classification will recognize the on-going nature of our group and encourage the participation of extension as well as research personnel from the land-grant institutions.

Following a question about how posters would be displayed, we were informed that FPM from Morgantown WV had brought tripods and 4X8 fiber-board panels borrowed from the gypsy moth R&D program.

Meeting adjourned at 6:10 pm.
Minutes of the Opening Business Meeting, Tuesday,
4 August 1992
Hilton Hotel and National Convention Center, Williamsburg, Virginia

Chairman Wesley Nettleton called the opening business meeting of the 37th Southern
Forest Insect Work Conference to order at 8:50 am. He thanked Dr. Clinton V. Turner,
Commissioner, Virginia Dept. of Agriculture and Consumer Services, and James W.
Garner, Jr., State Forester, Virginia Dept. of Forestry, for welcoming us to Virginia and
challenging us to apply our expertise to solving the problems affecting our forests.

Pat Barry, program chairman, and Scott Salom, local arrangements cochair, were
introduced and indicated several changes to the program distributed in the registration
package. Scott thanked cochair Sheryl Parker and the many others who had assisted with
local arrangements.

Historian Harry Yates reported this is the fifth work conference to be held in Virginia. He
highlighted activities of the 1967 meeting in Charlottesville, 1974 meeting in Arlington, and
1978 and 1982 meetings in Blacksburg.

The secretary-treasurer reported that 29 persons had preregistered and our check book
balance on July 31 was $4625.05. The minutes of the 1991 closing business meeting were
not read, per approval of a motion to that effect.

Chairman Nettleton asked for introductions of first-time participants in the SFIWC. He
then requested information about job changes among the membership: Tom Ellis and Roger
Belanger have retired from the Forest Service; Herb Kulman retired from the Univ of Minn
and has moved to San Diego; Russ McKinney is moving to the FPM office in Milwaukee;
Sheryl Parker is now working at Langley Air Force Base; Cindy Huber has a staff position
with the Jefferson National Forest.

Committee Reports

COMMON NAMES. Alex Mangini sent a report that no common names had been proposed.
Anyone wishing to propose a common name should contact him in Pineville.

LOSSES. Bobbe Fitzgibbon reported that the airlines had found and delivered the lost
Losses Caused by Forest Insects report and copies were available at the back of the room.

PHOTO SALON: Jerry Lenhard asked that anyone having slides for this year's competition
get them to him immediately so the judges could begin their work.

NOMINATIONS. Pete Lorio reported that Jim Hyland and Tim Tigner were the committee's
nominees for counselor. The election will be held at the final business meeting.
New Business

Gerald "Skip" Jubb, assistant director of the Virginia Agricultural Experiment Station, explained his role as administrative advisor and representative of the Southern Agricultural Experiment Station directors.

The chairman reported on several letters from the Northeastern Forest Insect Work Conference, organizers of the 1991 North American conference in Denver. The northeastern group would like another group to spearhead the efforts for another conference in 1996. The request will be discussed at the final business meeting.

Ron Billings invited members to the 20th anniversary meeting of the East Texas Forest Entomology Seminar, 14-16 April 1993.

José Negron informed the members that the Southern Appalachian Forest Entomology/Pathology Seminar will meet in Crossnore, NC, 18-19 February 1993.

Gary DeBarr, chairman of the A. D. Hopkins Award committee, introduced Tom Payne, 1991 recipient of the award. Tom then presented an entertaining and informative address, "My life with Fanny Frontalis and those who make it wonderful." Following Tom's address, Gary announced that the committee had unanimously selected Jim Solomon as the winner of the 1992 A. D. Hopkins Award in recognition of Jim's outstanding research on hardwood insects.

The meeting adjourned at 10 am.
Minutes of the Final Business Meeting, Thursday, 6 August 1992
Hilton Hotel and National Convention Center, Williamsburg, Virginia

Chairman Wes Nettleton called the meeting to order at 10:30 am.

The secretary-treasurer reported that 99 persons, including 10 students and 1 retiree, registered for the 37th SFIWC. Bob Thatcher was the only charter member in attendance. Sustaining membership contributions have been received from Hercon Environmental and Novo Nordisk*.

The chairman thanked Scott Salom and Sheryl Parker for their time and effort devoted to handling the local arrangements here in Williamsburg, Pat Barry for assuming the responsibilities of program chairman and developing the successful program, Jerry Lenhard for organizing the photo salon, and the many workshop moderators and speakers for contributions to the meeting.

Motion approved to explore the possibility of hosting the second North American Forest Insect Work Conference. It was suggested that San Antonio in March 1996 would be a good place for the meeting. The East Texas Seminar group will gather information and discuss options at their October 1992 meeting.

Motion approved to accept the invitation of Wayne Berisford to host the 38th SFIWC in Athens, Georgia in August, 1993. The chairman requested that anyone knowing of other meetings scheduled for the first or second week of August notify him as soon as possible.

Motion approved to accept Keith Douce's offer to be program chairman for the 1993 meeting.

The Nominating Committee reported that Tim Tigner had withdrawn as a candidate for counselor, leaving Jim Hyland as the one nominee. Motion approved to close the nominations and accept by acclamation the election of Jim Hyland.

There was a brief discussion about how the work conference should react to the National Academy of Sciences report "Forestry Research: A Mandate for Change." Fred Hain (chairman), Bob Coulson, Tom Payne, Bob Bridges, and Fred Stephen will evaluate the report and develop recommendations for group and individual responses.

Meeting adjourned at 10:55 am.

* Weyerhaeuser Company sustaining membership received after the meeting.
Minutes of the Executive Committee Meeting,
Thursday, 6 August 1992
Hilton Hotel and National Convention Center, Williamsburg, Virginia

Present were Wes Nettleton, Jim Hyland, Gerald Nordin, Bob Thatcher, Pete Lorio, Bobbe Fitzgibbon, and John Foltz

Chairman Wes Nettleton called the meeting to order at 11 am.

The 1993 work conference will be held in Athens, Georgia. Wes will contact Wayne Berisford to establish and confirm exact place and dates. The first week of August is the date preferred by most members.

Board members discussed workshop formats and agreed that discussion groups should be encouraged in preference to formal presentations. Whenever a workshop organizer/moderator identifies more interest than can be accommodated by a 90 minute session, he should work with the program chairman to establish a second workshop. Poster displays should be readily accessible, perhaps at or adjacent to the break area, so that members can easily peruse them. Anyone with ideas to encourage graduate student participation in the conference should contact the program chairman.

Committees and their chairmen for the next year are:
   Local Arrangements — Wayne Berisford
   Program — Keith Douce
   Losses Caused by Forest Insects — Bobbe Fitzgibbon
   A. D. Hopkins Award — Tom Payne
   Photo Salon and Slide Series — Jerry Lenhard
   Theses and Dissertations — Dave Kulhavy
   Common Names — Alex Mangini
   History of Forest Entomology — Coleman Doggett

Meeting adjourned at 11:15 am.

- 19 -
This is our 37th Annual Southern Forest Insect Work Conference and is our fifth visit to the state of Virginia. This makes Virginia the third most frequently visited state. Georgia with 7 visits and Mississippi with 6 visits are our top two most frequently visited meeting site states.

Our first visit to Virginia was in 1967, our 12th meeting, at Charlottesville and was hosted by our Chairman, C. L. Morris with the Virginia Division of Forestry. We returned to Virginia for our 19th meeting in 1974 at Arlington, our most northern meeting site. H. W. Echols with the Mississippi Forestry Commission was the Chairman however, due to a change in jobs and affiliation he was unable to come and the conference was chaired by the senior counselor John E. Graham with the South Carolina Forestry Commission. John would also act as chairman the following year at Baton Rouge, LA. It was at the Arlington meeting that Robert C. Thatcher and Keith R. Shea outlined the development and progress to date on the new USDA sponsored "Bark Beetle Research and Development Program".

The Conference returned to Virginia for our 23rd meeting at Blacksburg in 1978. Not since 1965 had an official conference banquet been held and it was at Blacksburg that the 173 attendees enjoyed a scintillating evening banquet organized by host Jack Heikkenen. This meeting also boasts the highest conference registration to date. Another distinction was the awarding of the now defunct "Ethical Practices Award" to our reigning chairman Gerry D. Hertel. Chairman Hertel is the only conference attendee to have won back to back Ethical Practices Awards!

We returned to Blacksburg for our 27th meeting in 1982. Like the 23rd meeting the conference was held in the Donaldson Brown Continuing Education Center on the VIP Campus. The meeting was held in early June to accommodate the joint meeting of the Southern Forest Disease Workshop and the Southern Forest Insect Work Conference.

Respectfully Submitted,

Harry O. Yates III
Historian
Report of the A. D. Hopkins Award Committee

The A. D. Hopkins Award Committee met on August 3, 1992, to select the recipient of the 1992 A. D. Hopkins Award. Our task was an extremely difficult one because we had an exceptional slate of candidates, each of whom has made many significant contributions to forest entomology in the South.

After considerable deliberation, the committee unanimously declared Dr. James D. Solomon the 1992 A. D. Hopkins Award recipient. The 1992 recipient has given 32 years of service to forest entomology in the South and during that time has published 141 papers. He recently completed a comprehensive book covering 300 species of insect borers in North American hardwood trees. He is recognized as the authority on the biology, damage identification, impact and control of insect borers in hardwood forests in the South, as well as throughout North America.

The 1992 A. D. Hopkins Award selection committee recommends that the 1993 chairman send a special letter to each person who nominated a candidate for the 1992 award. He should request that the nominations be resubmitted for consideration in 1993. All the 1992 candidates were strong contenders for the Award and should be afforded another opportunity to receive it. In addition, requests for nominations should be sent to the SFIWC membership, as is the usual procedure.

One concern of the committee was that the guidelines for the Award favor university and Forest Service researchers while administrators and pest control entomologists who make significant life-time contributions to forest entomology in the South have difficulty meeting all the Award Guidelines. It was agreed that these individuals make significant contributions which are not always as easily quantified as research accomplishments under the Award guidelines.
