

# Non-native fish Breakout session

25 July 2013

Jeff Kline (ENP), Kelly Gestring (FWC), Raul Urgelles (NPS/SFCN), John Galvez (USFWS), Rory Feeny (Miccosukee Tribe), Barron Moody (FWC)

# Goals

Initiate development and Early Detection survey for non-native fish to fill gaps.

# Objectives

- Identify partner willingness to participate and lead field crews to sample fishes.
- Identify canals and areas not regularly sampled by partner agencies and prioritize locations to be sampled.
- Discuss potential sampling designs that have commonalities with ongoing projects.
- Discuss products to be developed after the survey.
- Identify action items needed to get the work accomplished.
