**Noxious saltcedar**  
Flowers are  
pink, leaves  
are feathery,  
and  
branches  
are  
reddish-  
brown

**Noxious diffuse knapweed**  
Flowers are  
generally white but  
can be pink or purple-  
you choose!

**Noxious Canada thistle**  
Flowers are  
pink to purple  
with dark green  
spiny-tipped leaves

**Native wild licorice**  
Flowers  
are cream to  
light yellow  
in color

**Native greasewood**  
Needle-like leaves  
are green and  
cone-like flowers are  
tinged pink  
at the ends
