Try your hand at coloring Barbara Peets' drawings of native plants and noxious weeds

Native Dusky willow
Pale yellow-green flowers
Twigs are red-brown
Leaves green above, paler below

Native Lewis's Mock Orange
Also called Syringa
Showy white flowers with bright yellow stamens smell like citrus

Find these words in this noxious weed wordscramble:
rush skeletonweed
tower pyramid
lodge willow
lewis Clark
salmon river

Noxious spotted knapweed
Flowers are usually pinkish-purple
Bracts under the flowers have dark spots

Noxious rush skeletonweed
Yellow flowers grow at ends of dark green, nearly leafless stems

Noxious leafy spurge
Showy yellow-green, heart-shaped bracts surround tiny flowers of the same color

Noxious spotted knapweed
Flowers are usually pinkish-purple
Bracts under the flowers have dark spots
