

Try your hand at coloring Don Greytak's drawings of native plants and noxious weeds

Native Lewis's monkeyflower

Flowers are bright pink with yellow centers

Native common snowberry

Berries are waxy white and leaves are green

Native serviceberry

Berries are dark purple and stems are red-brown

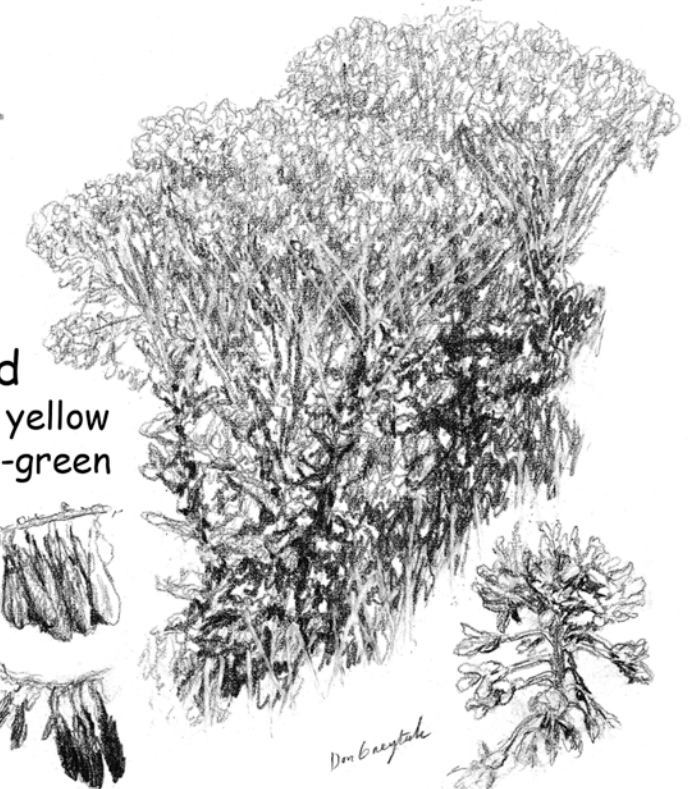

Noxious leafy spurge
Flowers are bright yellow-green and heart-shaped, and leaves are blue-green

Noxious houndstongue
Flowers are velvety purple

Noxious dyer's woad
Flowers are bright yellow and leaves are blue-green with a white midvein
